

**Resolution taken in the 2nd Meeting of the reconstituted West Bengal
State Coastal Zone Management Authority held on
22nd September, 2006 at 3-00 p.m. in Paribesh Bhawan**

The subject of giving clearance to the project proposal on 'Construction of Sweet Water Reservoir at Hukaharania Khal as a project meant for water supply and drainage for traditional inhabitants of Sundarban Biosphere Reserve in Kultali Block, 24-Parganas (South)' was taken up for discussion.

The project proponents gave a presentation of the project before the committee.

After detailed discussion, WBSCZMA came to the unanimous decision that the project proposal will enhance the holistic environment of the area and the socio-economic conditions of the local people especially water supply and drainage of the area with sustainable development of the locality.

The committee resolved to give approval to this project titled 'Construction of Sweet Water Reservoir at Hukaharania Khal'

Signed on 22nd September, 2006
